Priorities of the Erasmus+ programme

Inclusion and diversity

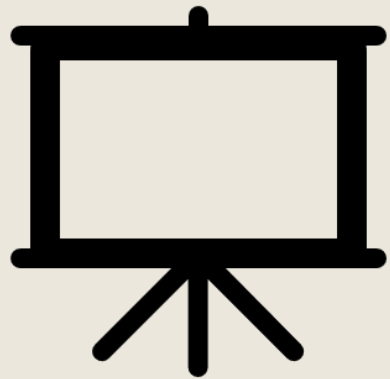

(<https://erasmus-plus.ec.europa.eu/programme-guide/part-a/priorities-of-the-erasmus-programme>)

The Programme seeks to promote equal opportunities and access, inclusion, diversity and fairness across all its actions. Organisations and the participants with fewer opportunities themselves are at the heart of these objectives and with these in mind, the programme puts mechanisms and resources at their disposal. When designing their projects and activities, organisations should have an inclusive approach, making them accessible to a diverse range of participants.

To achieve this, National Agencies are also vital to support projects with a view for these to being as inclusive and diverse as possible!
